STATEMENT OF OBJECTS AND REASONS

Tobacco is universally regarded as one of the major public health hazards and is responsible directly or indirectly for an estimated eight lakh deaths annually in the country. It has also been found that treatment of tobacco related diseases and the loss of productivity caused therein cost the country almost Rs. 13,500 crores annually, which more than offsets all the benefits accruing in the form of revenue and employment generated by tobacco industry. The need for a comprehensive legislation to prohibit advertising and regulation of production, supply and distribution of cigarettes and tobacco products was recommended by the Parliamentary Committee on Subordinate Legislation (Tenth Lok Sabha) and a number of points suggested by the Committee on Subordinate Legislation have been incorporated in the Bill.

2. The proposed Bill seeks to put total ban on advertising of cigarettes and other tobacco products and to prohibit sponsorship of sports and cultural events either directly or indirectly as well as sale of tobacco products to minors. It also proposes to make rules for the purpose of prescribing the contents of the specified warnings, the languages in which they are to be displayed, as well as displaying the quantities of nicotine and tar contents of these products. For the effective implementation of the proposed legislation, provisions have been proposed for compounding minor offences and making punishments for offences by companies more stringent. The objective of the proposed enactment is to reduce the exposure of people to tobacco smoke (passive smoking) and to prevent the sale of tobacco products to minors and to protect them from becoming victims of misleading advertisements. This will result in a healthier life style and the protection of the right to life enshrined in the Constitution. The proposed legislation further seeks to implement article 47 of the Constitution which, *inter alia*, requires the State to endeavour to improve public health of the people.

3. The Bill seeks to achieve the aforesaid objects.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 31 of the Bill seeks to empower the Central Government to make rules for the purposes of carrying out the provisions of the Bill, *inter alia*, to specify the form and manner in which warning shall be given in respect of cigarettes, to specify the maximum permissible nicotine and tar contents in cigarettes and to provide for the manner in which the powers of, entry, search and seizure by an officer not below the rank of Sub-Inspector of Police shall be carried out.

2. Clause 32 of the Bill empowers the State Government to make rules to provide for similar matters in respect of tobacco products other than cigarettes.

3. The matters in respect of which rules may be made are matters of procedure or detail. The delegation of legislative power is, thus, of a normal character.
